

PROGRAMME INFORMATION

Perform Basic Fire Fighting
SAFETY PROGRAMME

PURPOSE

The purpose of this learning programme is to teach learners how to make the right decisions in handling emergency situations where a fire or the threat of a fire is present.

WHY DO I NEED THIS?

To protect lives and help prevent the destruction of property and the environment.

TARGET AUDIENCE

Responsible learners over the age of eighteen (18) who are responsible for extinguishing fires in the workplace.

SCOPE

The qualifying learner will be able to carry out basic first aid treatment in the workplace. The qualifying learner will be capable of:

- Assess the extent of a fire or the threat thereof, report it and make it safe;
- Selecting and using the appropriate firefighting equipment to extinguish or control fires;

In addition, learners will:

- Contribute to the national skills development strategy which is the key developmental interface between Learners and new competencies to be achieved.
- Master the applied competence described in this unit standard and, as a result, will contribute to the development of a professional community of firefighters who are able to competently use science and technology when applying firefighting techniques.
- Contribute to socio-economic transformation in that learners will be able to undergo RPL-assessment and thereby receive recognition for previous learning and experience to help enhance the employability and career prospects of learners.

APPLICATION

After completing this learning programme, qualifying persons will be able to carry out basic first aid treatment in the workplace in terms of local standards, legislated criteria and best practice.

EXPECTED DELIVERY TIME

Novice Training

One day. This applies to learners with little to no experience. Such learners must attend full training and complete a learner assignment.

Re-Certification Training

One Day. This applies to learners who are in possession of a Certificate of Competency (COC) that has either expired or is about to expire. Such learners are required to produce a recognised COC as evidence of prior learning in order to be eligible for Re-Certification training (also known as “Refresher Training”).

CERTIFICATION

A Certificate of Competency will be issued to successful Learners. A Certificate of Competency (COC) is valid for a maximum period of two years from date of issue.

ENTRANCE QUALIFICATIONS

It is assumed that learners accessing this unit standard will have demonstrated competence in:

- Communication at NQF Level 1 or equivalent.

It is further assumed that:

- Learners are medically fit (mentally and physically) with the learning ability and potential to become a competent firefighter.
- Learners possess a healthy respect for their own safety, their fellow learners' as well as any other personnel who may be encountered during training. Learners shall each have their own Personal Protective Equipment and stationery when attending training.
